

## Nowhere Road

Fastball

There's trouble on the subway  
There's something on the track  
There's a dead end waiting and  
We can't go back  
So take it to the highway  
Head back and open wide  
Step right up and take a nowhere ride

It's a nowhere road  
It's a nowhere road  
No matter where it goes it's a  
Nowhere road  
It's a nowhere road and I'm tired  
It's a nowhere job and I'm fired  
It don't matter what they say  
You can't get there going this way

From L.A. to Miami  
And all points in between  
Look outside you get the same old scene  
You take it to the highway  
You travel far and wide  
Caterpillars carving up the country side

It's a nowhere road  
It's a nowhere road  
No matter where it goes it's a  
Nowhere road  
It's a nowhere road and I'm tired  
It's a nowhere job and I'm fired  
It don't matter what they say  
You can't get there going this way

It's a nowhere road and I'm tired
