Red Light

I went walking through the red light On the dark night in the winter Pretty girls in the window Pretty girls, staring back at me

I went walking 'cross the St. Charles To the Argyle downtown Met my friends in the back there Know we always have a really good time

And I feel so alive and I feel so free Always listening to our favorite songs They play them all night long They play them all night long

I woke up with a girly Way too early, oh my head I went walkin' to the newsstand All the suits staring back at me

Whatchu lookin' at?

I went walking down Main Street Down to South Beach, oh I crawled I went looking for the bee sting

And I feel so alive and I feel so free Always listening to our favorite songs They play them all night long They play them all night long

[Incomprehensible]

At the end of the world At the end of the world At the end of the world At the end of the world

Will I see you again? Will I see you again? At the end of the world Take me home all the way, yeah

Right, that's absolutely right
