

Drenched In Blood

Fastkill

Drenched In Blood

Mutilation, Incantation, Strangulation scared to die,
to die

Desecration, suffocation, conformation, life ruled by
fear, by fear

Feeling the hatred of those damned in hell
Eyes dripping blood, realization of death
Master of forces and powers of Satan
Bleeding fast, Poverty fall onto your fate

Die! Lose of vital signs
Now sleeping drenched in blood, Waiting for death to
unfold
Do you want to die? Drenched in blood!!

Instruction, domination, constitution, motive to kill,
to kill
Immolation, examination, isolation, peace of the dead,
the dead

Die for the immortal one skin is turning black
Experience, mortality leaves you ripped and torn
Inside your carcass starts to melt
Pressure in your skull, inside your brain

Die! Lose of vital signs
Now sleeping drenched in blood, Waiting for death to
unfold
Do you want to die? Drenched in blood!!
