

## Human Flesh

Fastkill

Fear me not but fear my hell  
Man made me so I could kill  
Eternal hate to men and world  
Endless lust burned in my head  
Kill with no regret  
Piercing, impaling, no judgment  
Eternal scream that slowly die  
I need to hate in my brain

I eat the human flesh  
Backing in your dying breath

One cryptic reason for kill  
Cause for I'm insane  
Defile and desecrate humanity  
Your life is godlessness

I'll sell your life and preach your death  
I breach your life  
Within my world of hate  
Corroding from inside
