

## Kill And Possess

Fastkill

Satisfy the need, good day for killing  
The ultimate sacrifice has come to us  
Lusting for your flesh, forbidden desire  
Sickened evil minds, manipulated death

Blood begins to boil, start the binge  
Blasted to hell, the end is near  
Nothing you can change, silence seems so strange  
No one hears you scream at night

Get the gun, get the weapons  
Eat the flesh, eat the guns  
Hate god, hail the devil  
Kill, kill, kill and possess

Rot in heaven, rot in hell  
No way to repent from your wicked lies  
Holy water turns to blood  
Taste it as the sky turns to red

Die in the pentagram where you'll be slaughtered  
Immolate your soul in the name of the devil  
Unholy priest hold your cross higher  
Your fate is to rot, burn in hell

Heaven defiled  
Christ denied  
Evil desire  
Burning in hell

Masters of evil  
Blasters of hell  
Antichrist  
From f\*\*king hell
