

I wanna feel it baby up and down in my spine
I wanna hear the noise and the fever
The dizzy gamblin' man is callin' out in my heart
Adrenaline is pumpin' like crazy

I say pachinko Let's go - go tonight
I got my lucky chance and I know it's funny
Jackpot I pray for my lot
My brain is like a slot
I'm the winner tonight
It's alright

Seven seven seven ike a taste of heaven
I want you I'll get you
No way you can hide - yeah
Seven seven seven It's a game you're playin'

Magic moment Watch here I come - yeah
Seven seven seven Like a taste of heaven
I want you
I'll get you
No way you can hide - yeah
Seven seven seven It's a game you're playin'
Magic moment Watch here I come - yeah

And now you got me goin' in the beat of the night
Don't wanna lose this feeling of power
The heat is on now baby let the pinball go around
It's all your life you're bettin' like crazy
