Yea, What's happenin'? Bone Thugs~n~Harmony  
Fat Joe, Terror Squad, Mo' Thugs,  
the Good Times nigga, we on top of the world

Good times, good times (we can have a good time..we havin' a big celebration  
)

[Layzie Bone:]

We could take some stress off our chest

Yo, Check my philosophy - Happiness ain't all about monopoly  
I put aside the guns & robberies, see good guys copyin' me  
The good times is here, rainy days is clear  
You wanna go where everybody knows your name like "Cheers"  
Where problems is all the same and we got stories to share  
Where you don't have to look for joy in a bottle of beer  
See what I'm sayin? Stop feelin' sorry for yourself  
Besides, those shots of Jack Heed's bad for your health  
Understand tough people last, tough times don't  
Some get up off they ass, and nigga, some just won't  
Take the bad with the good, cuz the good ain't far  
This is the stuff dreams are made of - shoot for the stars  
The good times

Good times, good times

(we can have a good time..we havin' a big celebration)

[Layzie Bone: overlappin' Krayzie]

We could take some stress off our chest

[Krayzie Bone:]

Big Celebration, we havin' a big celebration,  
we havin' a big celebration  
Celebration, (bration) celebration, big celebration,  
Hey we havin' a celebration

Havin' a wonderful day

Rememberin' the good times,

and the niggas who ain't here for the celebration

We roll up a blunt, and pour out the liquor

Whateva you want, we got it,

It's probably in there, plenty reefer,

smoke is blowin' in the wind yeah

Just inhale, exhale...

feel it whateva your problem is, it won't be one no more

And if you're laid off (Good times),

Sit down and take a load off

You deserve it, fuck what you heard, fuck the world

And let the Buddah soothe ya, ooh ya

Better not let the quicker system "Boo" ya

Krayzie makes the world. I thenk God for my good times

(my good times, my good times)

Good times, good times

(we can have a good time..we havin' a big celebration)

[Layzie Bone: overlappin' Krayzie]

We could take some stress off our chest

[Krayzie Bone:]

Big Celebration, we havin' a big celebration  
we havin' a big celebration

Celebration, (bration) celebration  
we havin a big celebration, we havin a celebration

Yeah, uh, Now I'm 25, and It's a brand new scene  
I'm makin' rap pits straight flossin' on the TV screen  
Know wha' I mean, life's sweet to me  
In times we used to front, now speak to me  
I'm feelin' all right, keepin' them girls happy all night  
Baby hold tight, when Joey takes you for a long ride  
What was once a dream is now reality  
And I'm glad I never listened to haters thet said it'd never be  
Remember me? the fat kid from Trinity  
Who was once a public enemy is now a loved celebrity  
If Joe could do it, It could happen to you  
Set goals, and keep your weight up,  
And good times'll come through. What? (what, what?)

Good times, good times  
(we can have a good time..we havin' a big celebration)  
[Layzie Bone: overlappin' Krayzie]  
We could take some stress off our chest  
[Krayzie Bone:]  
Big Celebration, we havin' a big celebration  
we havin' a big celebration  
Celebration (bration), celebration,  
big celebration, we havin a celebration
