Fat Joe

Black bottles, black models
Cuban cigars, Dominicanos
Colombianos, it's
100 dope boys on the sofa
I'm with Versace on
Stars on the roof for the ambiance
Dug up some more hundreds, fought a few cases
Now we in the club throwing blue faces
Used to see Papi at the
Now I'm sittin' on gold toilets
more spoils
Large, you people never be loyal

You can buy me way more bottles than them other sections
Leave 1000 dollar tip what blessin'
All eyes on us, ain't nobody in the club lookin' at your direct
ion
So baby as you one question, do we look like we're stressin'?
Cause we ain't
Do we look like we're stressin'? Cause we ain't
Do we look like we're stressin'? Cause we ain't
