All you bitches just walk on by

I once knew a girl by the name of Savannah  
met her backstage at a show in Atlanta  
seemed like a nice girl, class and well-mannered  
When I took her to the hotel the bitch went bananas  
Did my eyes decieve me  
Was she suckin' three pee-pee's  
Caught it all on tape so I could watch it late on T.V.  
Couldn't wait to beep me  
Started in the car shorty caught the quick train from the Trinity stars  
Big Joe'll railroad  
Any frail hoe  
Have a bitch scream and yell throwin' elbows  
Now who the hell knows  
Why these girls fuck for cell phones  
Turnin' tricks for material shit  
Now bust it, You wanna hit it gotta pay top dollar  
These chics is hott rodders

Wit grips like Rottwilers  
But why bother  
Picture me payin' a fee  
I'll just play like Akinyle and fuck these hoes for free
