My eyes that cannot see  
Other guys that are cuter  
And my ears that cannot hear  
My friends say I should walk away

Without my heart, it won't do, babe  
It won't do without you  
Without my heart, it won't do, babe  
It just won't do without you

My knees that all go weak that all go kiddiup  
When you don't call me and my head  
It thousand spend so don't tell me  
Without your sweet happen

Without my heart, it won't do, babe  
It won't do without you
