

## In Trance

Fates Warning

I wake up in the morning  
And the sun begins to shine  
The day did sneak up on the night  
I see your face and I see myself  
And I get a little taste of life  
I try to stand it for a while

But Im in a trance  
Hey baby tell me cant you hear me calling  
Im in a trance  
I take too much in the saturday night  
Hey... hey  
Hey baby tell me cant you hear me calling  
Im in a trance  
I wanna try to stop this life

I feel so sad Im feeling down  
On the radio the music plays  
Im in love with her and I feel fine  
I close my eyes  
I think today is getting better with a sip of wine  
And I can stand it for a while

When Im in a trance  
Hey baby tell me cant you hear me calling  
Im in a trance  
I take too much in the saturday night  
Hey... hey  
Hey baby tell me cant you hear me calling  
Im in a trance  
I wanna try to stop this life

Im in a trance  
Hey baby tell me cant you hear me caling  
Im in a trance  
I take too much in the saturday night  
Hey...hey  
Hey baby tell me cant you hear me calling  
Im in a trance  
I wanna try to stop this life
