

# The Road Goes On Forever

Fates Warning

Its so cold in the shadow of distant lights  
And the chilling wind slows our pace and tests our will  
Still a voice whispers it will be over soon  
And there we find the courage to climb the hill

Sometimes I lose sight of where I'm going  
Fanned by a flame I can't remember  
But distant lights still burn bright  
And the road goes on forever

Year after year with renewed ambition  
We scale the walls to find there's nothing there  
Still idle hands clutch the empty page  
With the passion of a desperate prayer

Sometimes I lose sight of where I'm going  
Fanned by a flame I can't remember  
But distant lights still burn bright  
And the road goes on forever

And here we are again  
The doors close behind us  
And the road goes on and on and on and on

Sometimes I lose sight of where I'm going  
Fanned by a flame I can't remember  
But distant lights still burn bright  
And the road goes on forever  
Forever
