Honey Chile

Fats Domino

You will never win wonderful charm But I love ta hold ya in my arms Only you can fill me like you do So hold let kiss for a long long while You know why I love you honey chile I love to hear you whisper low You know you really thrill me so Only you can fill me like you do So please don't put me on that shelf You know I can not help myself I am happy as a baby boy You ain't nothing but a bundle of joy Only you can fill me like you do Bend your legs and pigeon toes You know why I love you goodness knows

You will never win wonderful charm But I love ta hold ya in my arms No one can fill me like you do So hold let kiss for a long long while You why I love you honey chile I am happy as a baby boy You ain't nothing but a bundle of joy Only you can fill me like you do Bend your legs and pigeon toes You know I love you Goodness knows
