If You Need Me

Fats Domino

If you need me, call my name
I'll come running
Like a choo choo train
I'll always love you
Always feel the same

You told me your lies
You made, made me cry
I'll always love you
Til the day I die

I'm going far away
And I'm going, going to stay
If you don't see no more
Meet me on Monday

But if you need me
Call my name
I'll come running
Like a choo choo train
Cause I'll always love you
Always feel the same
