One Night

Fats Domino

One night of sin
Is what I'm now payin' for
The things I did and I saw
Would make a stand still

Don't call my name
It makes me feel so ashamed
I've lost my sweet helpin' hand
I've got myself to blame

Always lived very quiet life
I ain't never done no wrong
Now I know that life without you
Been too lonely too long

One night of sin
Is what I'm now payin' for
The things I did and I saw
Would make a stand still

Always lived very quiet life
I ain't never done no wrong
Now I know that life without you
Been too lonely too long

Don't call my name
It makes me feel so ashamed
I've lost my sweet helpin' hand
I've got myself to blame
