

## Trouble Blues

Fats Domino

So many tears since you went away  
I'll always think of you, every night and day  
Someday, someday, my darling, I won't be troubled no more

Trouble, trouble in its misery  
Already had the best of poor me  
Someday, someday, my darling, I won't be troubled no more

You heard my story, I sung my song  
But you're leaving poor me; you know that's wrong  
Someday, someday, my darling, I won't be troubled no more
