

Where Did You Stay

Fats Domino

Where did you stay last night you're clothes ain't fitting right

Come home this mornin'

When the sun was shining bright

I called you on the phone

But you wasn't home

Stayed out all night

Baby I know you know that's wrong

I tried to treat you nice

But you just won't do right

Come home this mornin' baby

No that wasn't right

I tried to treat you nice

But you just won't do right

Come home this mornin'

When the sun was shining bright

This time I'm goin' away not coming back no more

'Cause you don't want me now

I figure it's time for me to go
