

# You Always Hurt the One You Love

Fats Domino

You always hurt the one you love  
The one you shouldn't hurt at all  
You always take the sweetest rose  
And crush it till the petals fall

You always break the kindest heart  
With a hasty word you can't recall  
So if I broke your heart last night  
It's because I love you most of all

You always hurt the one you love  
That's the one you shouldn't hurt at all  
You always take the sweetest rose  
And crush it till the petals fall

You always break the kindest heart  
With a hasty word you can't recall  
So if I broke your heart last night  
It's because I love you most of all
