

Sweet And Slow

Fats Waller

Sweet and slow, rock-a-bye me to and fro`
When the lights are burning low, honey take your time
Sweet and slow, we ain't got no place to go
We ain't going to Buffalo
No, no, honey take your time
Oh, slow down baby

You heard of how the turtle and the rabbit ran a race
You heard of how the rabbit ended up in second place
Baby, don't let me be the rabbit, oh no

Sweet and slow, while these lights are burning low
Oh honey, I know we can make it if we take it real slow

Sweet and slow, while these lights are burning low
Oh honey, I know we can make it if we take it real slow
