

## Take It Easy

Fats Waller

Take it easy, be a sport  
Just remember life is short  
If you've got to take it  
Take it easy  
Never hurry to a date  
Eat your supper; let 'em wait  
Don't get indegestion  
Take it easy  
Go stick your chest out  
And rest out  
Of doors in the sun  
Lay off  
You'll pay off  
In plenty of fun  
So don't be one to tear your hair  
If your girl gives you the air  
If she makes you take it,  
Take it easy!
