

## I Brake For No One

Favez

I can always get there first if I drive it really fast  
I get all the parts for nothing and that's why I'm never last a  
nyhow  
I wait for no one because no one waits for me I can do it with  
my eyes  
Closed doing a hundred and twenty three oh but the light says s  
traight ahead  
I don't care for green or red I brake for no one I can count to  
ten or twenty  
Anyway I'm still alive like the driver on the tv get a life at  
twenty five  
But the light says straight ahead I brake for no one
