

## The Grey Room

Favez

Raise your voice I can't here you make a choice  
Did you say you wanted me  
Did you say you wanted daddy or the bitch  
She didn't leave me when I was rich  
I won't say it twice I'm the one who gives advice  
Don't forget you wear my name  
Don't forget you're always my son  
What a shame you're the only one I can blame
