

## This Is How It Ends

Favez

Cold eyes old face one more day of boredom crack down no sound  
anywhere in afterland  
Pull me out before I die don't you leave me 'til I'm safe I swear  
I'll never wonder  
Why we always finish in disgrace failure and decay no one ever  
knows  
When we're alone this is how it ends one friend comes by nothing  
new  
Since years now 'bye then see you somewhere in afterland
