

This Is How It Ends

Favez

Cold eyes old face one more day of boredom crack down no sound
anywhere in afterland
Pull me out before I die don't you leave me 'til I'm safe I swe
ar I'll never wonder
Why we always finish in disgrace failure and decay no one ever
knows
When we're alone this is how it ends one friend comes by nothin
g new
Since years now 'bye then see you somewhere in afterland
