

# Runaway

Faydee

For the first time  
You took my last breath oh oh  
You made me shiver  
And I don't even know you yet

Like the sand slippin through my fingers  
Like the snow on a summer day  
You just stepped in without warning  
You took my breath away  
I figured out just how I found you  
And I don't know what to say  
I need to know where I can find you  
You become my runaway

Runaway, runaway, runaway  
I won't sleep until I find you  
Runaway, runaway, runaway  
I won't sleep until I find you

That's your hobby I feel  
You're scared of something I don't know yea  
Is that a tattoo I see?  
Tell me something before you go  
Baby, please don't go

Like the sand slippin through my fingers  
Like the snow on a summer day  
You just stepped in without warning  
You took my breath away  
I figured out just how I found you  
And I don't know what to say  
I need to know where I can find you  
You become my runaway

Runaway, runaway, runaway  
I won't sleep until I find you  
Runaway, runaway, runaway  
I won't sleep until I find you

You're so irresistible, it's hard to let you go  
And I'm so captivated, how'd you catch me in your soul?  
You're so irresistible, it's hard to let you go (baby, please don't go)  
And I'm so captivated, how'd you catch me in your soul?  
(There she goes, there she goes)

Runaway, runaway, runaway  
I won't sleep until I find you  
Runaway, runaway, runaway  
I won't sleep until I find you
