

# Shelter your heart

Faydee

Ya habibi,  
Mat khafi,

Lay your head on my shoulder,  
I'll warm you up when the nights get colder.  
Loose your way and I will find ya,  
So take my hand and I will guide ya.

Mat khafi,  
Ya habibi,  
I'll make sure that your heart is here with me.  
Khalili ahmiki,  
I'll be the one to set you free.

Shelter, shelter your heart,  
I'll shelter, shelter your heart,  
I'll shelter, shelter your heart, shelter your heart.  
[x2]

I will shelter your heart.

I can be your sanctuary,  
Stay with me and I'll make you happy,  
Hold me close and don't you let go,  
Follow me, I'll be your halo.

Mat khafi,  
Ya habibi,  
I'll make sure that your heart is here with me.  
Khalili ahmiki,  
I'll be the one to set you free.

You don't need to search anymore,  
Cause I got you,  
And I will guide you,  
Yes I will hide you.

You won't need to hurt anymore,  
Cause I'm here for you.

Shelter, shelter your heart...

Mat khafi... [x2]

Shelter, shelter your heart...
