

Sun don't shine

Faydee

It's a Friday night
And I'm not in the mood
I'd rather chill with you
Tonight

Summer's here to stay
But I'm not doing fine
Cos the sun don't shine
Away

The sun don't shine
The sun don't shine

The sun don't shine
I could have it all
But nothing, never matters
When you're gone, now

The sun don't shine
The sun don't shine
The sun don't shine
The sun don't shine

It's a Friday night
It's about half past two
I'd rather be with you
Yeah, tonight

Summer's here to stay
But something just ain't right
Cos the sun won't shine
My way, my way

Your body says it all
It's to tell me to let go
My hearts about to blow
So I don't want to know

I've got it open now
But I don't have it together
Baby I'm no good
Without you I'm no better

The sun don't shine
The sun don't shine

The sun don't shine
I could have it all
But nothing, never matters
When you're gone, now

The sun don't shine
The sun don't shine
The sun don't shine
The sun don't shine

Where do I, where do I go

When you're not here no more
Where do I, where do I go
When you're not here no more
When the house, no longer feels like a home

The sun don't shine
The sun don't shine
The sun don't shine
The sun don't shine
Without you, without you
