

# No One

Fear Factory

violence in my head  
like a thorn that pierced my skin  
spilling strength on the floor where i stand  
it surrounds me, controls me  
shows weakness inside me

they've tried to kill me  
but they won't succeed!

no one  
no one  
no one can deny

sadness in my heart  
like a storm that ripped apart  
all the fragments of what was happiness  
it takes over, and numbs me  
shows the fear inside me

they've tried to kill me  
but they won't succeed!

no one  
no one  
no one can deny

take one more shot at me  
and believe!

takes over and numbs me  
shows the fear inside me!  
inside!  
inside my head!
