

# The Industrialist

## Fear Factory

"They say the world was coming to an end...  
Well...  
It was by our own hand  
Turned out the world kept turning  
Only we ended  
All the evidence was there...  
The punishment of faith  
Creating animosity between our brethren...  
The dissolution of the humanity in all cultures...  
The reluctance of acceptance for others...  
Bigotry, ignorance and narrow mindedness  
Destroying our world...  
Destroying our world..."

Slaves to incorporation  
Hate that excludes no one  
Enforced by the laws of deception  
Chained to the systematic suppression

Fear, the source that fuels their greed  
Scraped down and wrapped reality  
Tensions explode a fire to purge  
Friction and anger to conquer and surge

We are victims of condition  
We are victims of condition  
A god damn nation of deprivation  
A god damn nation of deprivation

Power to kill death of free will  
A system above and beyond the law  
Power to kill death of free will  
A system...  
...above and beyond  
...above and beyond  
...above and beyond  
...the law

Attrition through armed enforcement  
An abomination of service  
A criminal injustice system of laws  
Inherently dangerous for us

We are victims of condition  
We are victims of condition  
A god damn nation of deprivation  
A god damn nation of deprivation

Power to kill death of free will  
A system above and beyond the law  
Power to kill death of free will  
A system above and beyond the law  
Power to kill death of free will  
A system above and beyond the law  
Power to kill death of free will  
A system...  
...above and beyond

...above and beyond  
...the law

Above and beyond the law  
Above and beyond the law  
Above and beyond the law  
Above and beyond the law
