

Perfect World

Fear Of Domination

Here we live in a world of insanity
It's just sex, sex, sex 'n' drugs with skinny models
Filthy pervs masturbate for pedophilia
Here we live in a world of insanity

Hate, greed, jealousy
The marks of human nature
Murder, robbery, terrorism
The acts of human nature

Come, come to live in our perfect world!
This is a world of sex, drugs 'n' death!

Welcome to our world of insanity
It's just guns, guns, guns 'n' violence
With martyrs of faith
News bring nothing more than terror
So welcome to our world of insanity
