

## Punish Y.S.

## Fear Of Domination

This ends here, lets face it  
you've done it wrong,  
now embrace it  
feel the pain, feel the shame  
now we must die for our sins  
I like to be right here,  
I love to see you here  
Come hear my dear,  
lets do it now  
I love to be Insane

Blood comes out, lets drink it  
Lets taste the sin, so tastily  
feel the Pain, see the shame  
now we must bring it all down  
I like to be right here,  
I love to see you here  
hit me please,  
will you do it now?  
I like to be insane

PUNISH YOURSELF!  
CLEAN IT ALL OFF  
PUNISH YOURSELF!  
GIVE THE BODY WHAT IT DESERVES  
PUNISH YOURSELF!  
BRING IT ALL DOWN  
PUNISH YOURSELF!

See the stains, you made them  
I must clean them, so dirty  
see the stain, feel the blame  
I must clean them anyway  
I like to be right here  
I love to see you here  
Come to me, lets face the sins  
I love to be insane!

You want to see them falling  
we want to see them crawling  
you want to see them lying  
we want to see them dying  
so come here, enjoy the fear  
when the time draws so near  
it's time to go, but I want to show  
the little secrets in my head

So dirty, dirty...
