

Tool Of God

Fear Of Domination

We never learn...
We never turn...
We never understand...

Let them burn
Let them all die
With fire we will unite
So beautiful
See how it ignites

This will be my grand new sensation
The greatest...ever...

You must kiss the flames
If you...want to...be saved

I love to see them burning down
This is the only way to feel
I'm not insane
I am the tool of God
This will be my gift to this world
The world in fire!

See it how I see it
Feel it how I feel it
I'm not insane
I am the tool of God
To see them burn
To hear them die
It's almost...orgasmic

You must kiss the flames
Time to...let me...be free...
