

Drink Some Beer

Fear

Yeah, my eyes are red, my dad ain't rich,
my mom, well she's a first class bitch,
I got a shitty job, I live in fear,
just wanna play my guitar and drink some beer,
I just wanna drink some beer,
I just wanna drink some beer,
well booze is cool but pot's a crime
who's bright idea was that and I just wanna write songs that's
weird,
snap the bong, drink some beer,
I just wanna drink some beer,
I just wanna drink some beer,
come to the Chase Club,
to the point now blow me while I roll a joint,
front to back, in your ear,
you can kiss my ass while I drink some beer,
I just wanna drink some beer,
I just wanna drink some beer,
I just wanna drink some beer,
I just wanna drink some beer,
I just wanna drink some beer!
