

## Sink or Swim

### Feed Her to the Sharks

The time had come to salvage what I've lost  
Give me strength to destroy this fame monster

The stars that shine have blinded my eyes  
I've traded fame and lies for the price

It's time to sink or swim  
But my heart is sinking to the ocean bed  
Time won't wait, I can feel the tides are turning  
Will I be swept away?

For the price of my own soul  
The devil is calling  
You'll never take my soul  
Must I?  
So callous and blind  
Forsaken my identity for the bright city lights

Give me the strength I need to kill this fame monster  
Just bring me bravery to face this faceless dream

It's time to sink or swim  
But my heart is sinking to the ocean bed  
Time won't wait, I can feel the tides are turning  
Will I be swept away?

This is my final breath  
My day of contempt  
As the waves come crashing down,  
I weep  
I'm so ashamed

I've traded fame and lies  
Rip these stars from my eyes, and bring me back to reality  
Give me strength  
Destroy the demon within and bring me back to reality

It's time to sink or swim  
But my heart is sinking to the ocean bed  
Time won't wait, I can feel the tides are turning  
Will I be swept away?  
(I'm sinking)

For the price of my own soul  
For the price of my own
