

Rhubarb

Feeder

Summer break, all we need to take
Check again, whip me basket case
Summer girl, cherry lips I taste
Of a spill, as she licks my face

Oh no, here I go again
Oh yeah, upside down again

Daisy chain, tie me up again
As it breaks, pulls me in again
Hesitate, turn away to pain
Celebrate, feeling it twist the skin

Oh no, here I go again
Oh yeah, upside down again

I don't know how, I don't know how
She makes me feel
I don't know how, I don't know how
I turn the wheel
Look outside
I don't know how, I don't know how
She makes me feel
I don't know how, I don't know how
I turn the wheel
And live!

Oh no, here I go again
Oh yeah, I'm upside down again

I don't know how, I don't know how
She makes me feel
I don't know how, I don't know how
I turn the wheel
Turn the wheel
I don't know how, I don't know how
She makes me feel
I don't know how, I don't know how
