

# Stay If You Want To

Feeder

I don't feel good  
I don't feel right  
It's been two days  
There's no daylight

It's been too long  
The same old song  
I've got no home  
I don't belong

I've got to reach up  
Before I fall down  
Hang on to positives  
And then I'm gonna get...

... Out of here  
I wanna give you one last try  
I wanna feel alive  
So stay if you want to  
Iiiiiiii, I wanna fill this hole inside  
I wanna give you one last  
You know I mean it  
Try  
You know I really mean it  
You know I mean it  
You know I really mean it

I can't let go  
Release my soul  
I can't breathe in  
I can't swallow

I won't look back  
I can't lose track  
I'll get ahead again  
And then I'm gonna get...

... Out of here  
I wanna give you one last try  
I wanna feel alive  
So stay if you want to  
Iiiiiiii, I wanna fill this hole inside  
I wanna give you one last  
You know I mean it  
Try  
You know I really mean it  
You know I mean it  
You know I really mean it

I've got this feeling that a storm's about to break  
I've think it's time for us to leave  
Let's get away if there's no place for us to be  
I know it's time for us to leave

Iiiiiiii, I wanna give you one last try  
I wanna feel alive  
So stay if you want to

Iiiiiiii, I wanna fill this hole inside  
Don't wanna see it all pass by  
Iiiiiiii, I wanna give you one last try  
I'm gonna give you one last  
You know I mean it  
Try  
You know I really mean it  
You know I mean it  
You know I really mean it
