

You Can't Be Wise And In Love At The Same Time

Feeling Left Out

A smart man once said you can't be wise and in love at the same time

Something i've come to realize
I did my best to save my life

I miss those days, i felt so young
I miss that face before the damage was done

To stubborn to back down
You know i can't be proud
Saying these out loud (2x)

You think i'm wrong tonight
But i swear i'm right
I'm not fooling around
No, and i know you don't need my advice
But you do tonight
Just get out of this town
Get out of this town

Don't wear these scares on my skin
If you wanna see the damage
Just look within
It's underneath, it's buried deep
But now it's surfacing
