

# This Is My Life

Fefe Dobson

I know it's me  
Who always leaves you stranded  
We are always apart  
I know you hate this  
But please don't end it

There must be away  
I wish I could stay

When I met you  
I was barely living  
I was lost in the dark  
But with the love  
That you've been giving

I'm back from the dead  
With you in my head

(because) when I look in your eyes  
I know you understand  
That good things always  
Seem to slip right through my hands  
And everything but love  
Is just grains of sand  
But with you this is my life  
Here with you this is my life  
This is my life

All day long I'm ok  
While I'm working  
But it hits me at night  
When every part of me  
For you is hurting

I go through withdrawals  
I love you that's all

(because) when I look in your eyes  
I know you understand  
That good things always  
Seem to slip right through my hands  
And everything but love  
Is just grains of sand  
But with you this is my life  
Here with you this is my life  
This is my life

Why does it always  
Have to be like this  
Always desperate  
In a goodbye kiss

Now I'm back from the dead  
With you in my head

(because) when I look in your eyes  
I know you understand

That good things always  
Seem to slip right through my hands  
And everything but love  
Is just grains of sand  
But with you this is my life  
Here with you this is my life  
This is my life
