

# I Wish I Didn't Miss You

Feist

Try to find a way to talk about it  
I'm also in the mind to just let it go  
How to reach out my mind if I can't think straight  
With the goodness so gone I feel to isolate  
You called me baby, I called you one too  
Until you spoke to me with another voice  
You sent in spiders to fight for you  
I was so disappointed I didn't know what to do

I wish I didn't miss you  
I wish I didn't miss you  
I wish I didn't miss you  
I wish I didn't miss you

Wasting so many hours away  
So many ways to waste a day  
In this same city I hope you're not  
Cause the town has shrunk to the size of my thoughts  
It was so mystifying to see you so changed  
I felt some certainty that you must have died  
Because how could I live if you're still alive?

I wish I didn't miss you  
I wish I didn't miss you  
I wish I didn't miss you  
I wish I didn't miss you

I wish I didn't miss you  
I wish I didn't miss you  
I wish I didn't miss you  
I wish I didn't miss you
