

## Ready 2 Wear

Felix da Housecat

You are a star  
You wear it well  
You blow my mind tonight  
So we can dance all night  
Nothing I could tell you  
You look good when you wear it well  
Nothing I could tell you  
You look good when you wear it well  
Nothing I could tell you  
You look good when you wear it well  
Nothing I could tell you  
You look good when you wear it well  
Tonight tonight you're a star  
Won't you stay a while  
You wear it well, wear it well, wear it well  
Sing me your song  
So we can dance all night  
Nothing I could tell you  
You look good when you wear it well  
Nothing I could tell you  
You look good when you wear it well  
Nothing I could tell you  
You look good when you wear it well  
Nothing I could tell you  
You look good when you wear it well  
Nothing I could tell you  
You look good when you wear it well  
Nothing I could tell you  
You look good when you wear it well
