I Didn't Mean To Hurt You

Felt

I didn't mean to hurt you,
But you gotta understand, I was trying
To enjoy
To enjoy
To enjoy
Enjoy my self

It was the first day of the year
And look what I done with that day
Oh my lord I will pray
I will pray

for that day
I will pray

I didn't think about your feeling
I just went ahead and done what I wanted
And I been bad
I been bad
I been so bad
Bad to you
Oh to you
Yeah to you
