

## Something Sends Me To Sleep

Felt

The times you spent there  
I thought you weren't coming back  
They moved those stones  
I don't know how  
I saw what Ezekiel saw  
They said 'are you?'  
I said 'I might'  
We know it's wrong but  
But hell it's right

I told you so I think you knew  
Just what it is we're coming to  
I told you so believe me now  
You cannot see what I can see

I let you down but you're  
Getting me higher and higher  
It's hard to take but you're  
Three hundred years old today

By the time you've traced me  
I'll be miles away  
I think you know why  
I'm not staying here

I told you so  
In the green light of your schemes  
Something sends me to sleep  
I don't know what it is  
I don't know what it is

You should be watching me  
I've been asleep for years  
It's just that we preserve  
It's no big deal you know  
I couldn't help realizing  
That the French are rising  
There'll be an uprising  
On the skies' horizon
