

## Boys Around Here

Fences

These mighty eyes they looked at me with no intention  
they hit me twice at first glance and then a second time  
She said to me that shit u say can really hurt me  
I wrote this note I read it once I feel like giving up  
Boys around here don't respect a thing, don't respect a thing a  
t all

Boys around here don't respect me, don't respect me at all  
Its been a while since the night that I first met you  
I still got dusty shoes fear of love fear of losing u  
But I'll be alright if I can just stay in tonight  
I don't wanna talk just let me drink tomorrow well get through

Boys around here don't respect a thing, don't respect a thing a  
t all

Boys around here don't respect me, don't respect me at all
