All That I Got (The Make Up Song)

Baby, baby when you're looking deep in my eyes I know you're seeing past my make-up Into the little girl that used to hide out and cry When her parents fought Tryin' to be strong

You can see the hurt in me The cover ups so secretly And all that I aspire to be You see, you see You know who I really am No entourage or caravan And do u even give me a damn About all that, tell me

Would you love me if I didn't work out or I didn't change my natural hair I could be the one you want to grow older with, baby I'll give you all that I got

See, I don't mean to scare you now and push you away Cause I'm not tryin' to rush anything But when i look into your eyes I'm not scared you'll say, I see little you, I'm in the picture too

Like a happy family tree We're together constantly This could be eventually We'll see, we'll see But all that I have got to know Is with me baby will you grow Through sun and rain and heavy snow Oh tell me so now baby

Would you love me if I didn't work out or I didn't change my natural hair I could be the one you want to grow older with, baby I'll give you all that I got

Would you love me if I didn't work out or I didn't change my natural hair I could be the one you want to grow older with, baby I'll give you all that I got

It's as simple as one and two I'm in love with you And three and four You're all I adore To the seven and eight See I've been making mistakes Cause when you're on my mind I just cant think straight Back to the five and six I'm all in the mix and I'm all into you Without the lipstick Without the L'Oreal You remain the same angel that I fell for For real, for real Fergie

I could be the one you want to grow older with, baby I'll give you all that I got

Would you love me if I didn't work out or I didn't change my natural hair I could be the one you want to grow older with, baby I'll give you all that I got
