

Just Like You

Fergie

I ain't saying it ain't beautiful, but he used to be
Who is this right here? She don't look like me
I was sleeping with the demon every night in my bedroom
I guess you are who you keep a reflection of me
That I don't wanna be, no

Oops, look what you made me do
I'm crazy just like you, I'm tainted just like you
Table set for two, look what you made me prove
I'm crazy just like you, I'm tainted just like you
Just like you, just like you

I don't know if you remember what you did to me
'Cause I can't forget, I see it in my dreams
I've been living in the nightmare, all the shit you put me through
Tried to break me to pieces, a beast in my life
That I don't really need, no

Oops, look what you made me do
I'm crazy just like you, I'm tainted just like you
Table set for two, look what you made me prove
I'm crazy just like you, I'm tainted just like you
Just like you

Gone girl, I don't ever wanna go back
I thought it was forever, you should know that
Haunted 'till I finally figure out your game, ayy
Take a picture in your mind, that's a throwback
Done twisting up my life, you should roll that
Don't be trippin' on my shadow as I walk away-ay-ay

Oops, look what you made me do
I'm crazy just like you, I'm tainted just like you
Table set for two, look what you made me prove
I'm crazy just like you, I'm tainted just like you
Just like you, just like you

Belly of the beast, now let's have a feast...
