

## A Fallen Star

Ferlin Husky

A star fell from heaven, right into my arms  
The brightest star I know I've ever seen  
Then I found out that it was  
Only you with all your charms  
Who came into my life to fill a dream

A fallen star (a fallen star) that's what you are  
The twinkle in your eye came from the sky  
You must have been from the Milky Way  
A fallen star that's what you are

The twinkle in your eye came from the sky  
You must have been from the Milky Way  
A fallen star that's what you are
