

Black Sheep

Ferlin Husky

This world holds many misteries that I don't understand
One is why the wanderlust is born in the heart of a man
I kissed young lips that thrilled me so and set my soul on fire
I'm a black sheep boy and I just can't find the lips my heart d
esire
Black sheep (black sheep) black sheep (black sheep)
Why do I have to roam why can't I have a happy heart like other
guys I've known
This wanderlust in my hungry heart keeps me on the road
I'm a black sheep boy there's a lot more oats that we've gotta
sow
Black sheep (black sheep) black sheep (black sheep)
I've known life I've tasted love from a girl that's true and sw
eet
She haunts me in my dreams at night and I can hardly sleep
I won her self fancy then but my wanderin' heart says no
Black sheep boy with lot more places we've gotta go
Black sheep (black sheep)...\nI can hear my mama say as she sits there all alone
My black sheep boy is a coming back never more to roam
Black sheep (black sheep)...\nBlack sheep (black sheep) black sheep (black sheep) black sheep
(black sheep)
