

## Chills

Ferlin Husky

(Chilly, chilly, wah-wah-wah-wah)  
(Chilly, chilly, wah-wah-wah-wah)  
Chills, runnin' up and down my spine  
Well I get them every time  
That I feel your lips on mine  
(Chilly, chilly, wah-wah-wah-wah)  
Chills, colder than the North Pole  
Creepin' down inside my soul  
'Till I lose my self-control  
Whoa, what a feelin'  
It's like a roller-coaster ride  
You say you love me  
Then my heart starts a-poundin' inside  
Let me tell you 'bout  
Chills, colder than the North Pole  
Creepin' down inside my soul  
'Till I lose my self-control  
Oh, what a feelin'  
It's like a roller-coaster ride  
You say you love me  
Then my heart starts a-poundin' inside  
Let me tell you 'bout  
Chills, colder than the North Pole  
Creepin' down inside my soul  
'Till I lose my self-control  
(Chilly, chilly, wah-wah-wah-wah)  
Chills, runnin' up and down my spine  
Whoah oh oh,  
Chills  
Whoah whoah whoah,  
I've got chills
