

Christmas Is Holy

Ferlin Husky

(Christmas is holy not a holiday)
There's a word we often mention all along life's weary way
It's the day that's made to praise the one unseen
It's been changed from holy to a holiday
And we seldom stop to think of what it means
But it's holy holy not a holiday holy holy not a holiday
So stop and think dear brother as you celebrate this day
Christmas is holy not a holiday
I wonder how my Saviour feels to look down on this earth
And watch people fuss and fight and grab about their meals
How they celebrate his birth
Oh it's holy holy not a holiday...
Holy holy not a holiday...
