

# Don't Let The Good Life Pass You By

Ferlin Husky

Did you ever lie and listen to the rain fall did you ever own a  
homemade apple pie  
Did you ever watch a child while he was praying  
Friend don't let the good life pass you by  
Did you ever hold a hand to stop its trembling  
Did you ever watch the sun desert the sky  
Did you ever hold a woman while she's sleeping  
Friend don't let the good life pass you by  
Man was made for loving not for buying go can't give you things  
we really need  
Just look my friend there's happiness in living

Somewhere between broke and being free  
Did you ever see the funny side of losing did you ever sit right  
t down and have a cry  
Did you ever take the time to help your neighbor  
Just don't let the good life pass you by  
Man was made for loving

Just don't let the good life pass you by
